A Stroke of Magic

A Paint and Art Studio

It's a dream...it's the ability to realize your dreams...It's being able to teach a child what comes from within..There is no right or wrong. It's what you make it to be. It's a dream come true, to see art created in front of you. It's a smile, it's laughter, it's learning, it's creating, it's being free... It's A Stroke of Magic.
